

Ivan Iosi
Pro Volleyball Coach
Chiavenna (Sondrio - Lombardia)
08-10-1974
Coach 3° Level – 3° Youth Level

General Informations

From 1994 to 1999, after having attended the Scientific High School at the Da Vinci Institute in Chiavenna (So), I studied Philosophy (Pedagogical Leanings) at the State University of Milan (all the exams supported, written the Thesis, but for personal needs I have not completed my studies for going to work). From 1999 to 2008 I was Coordinator of a Center for the prevention of youth discomfort (Tremenda XXL Onlus – in Samolaco, Lombardia), in the meantime trained and played on the team of my beloved, small, village. From 2008 to the present, I have chosen to follow my greatest passion, volleyball, to make it a profession.

Features

I am a positive, generous and proactive person.

I believe I have strong empathy and assertiveness, an important sense of duty, respect and a predisposition for communication, dialogue and smiling. I like to be attentive to details, serious about what I do, constantly motivated and self-demanding; I love to put my all into what I do, I strongly believe in dreams and in the possibility of making them come true, immersing myself in what can offer opportunities, first and foremost, to others: I consider the value of the Person, trust in the Other and knowing how to take responsibility to be decisive. I am convinced that it is important to be a man who looks for solutions, rather than one who complains and only finds problems; I aspire to be the best version of myself, always.

Main Professional Features

Volleyball Licence

- 1997: 1° Level (June 1996 – January 1997)
- 2003: 2° Level – 2° Youth Level (August 2003)
- 2009: 3° Youth Level (April 2009) – highest level in Italy
- 2010: 3° Level (June 2010 – November 2010) – highest level in Italy

I am in love with volleyball. I'm a big believer in hard work and pace, I pay great attention to Technique and Tactics, Data Analysis and Physical Preparation, as well as having a deep knowledge of the game that allows me to interpret and adapt the different variables.

I love to study, learn and take care of the details (both individual and team), propose different systems and methods of training in order to make the team, and the individual athlete, more and more efficient, more aware of the game and of themselves, finally building a synergy of intent, ideas and views with the staff. I am convinced that I have a responsibility to enhance every player both from a sporting and personal point of view.

Interest and Hobbies

I really love reading and writing. I'm a numismatist.

Languages

English fluent, Spanish and French fluent both in reading and writing, semi-fluent in speaking.

IT skills

Ability to use Office, DataVolley, Ace Evolution, Matchshare, VolleyStudio, Kinovea, Zoom and Meet

Sports Experiences

With Men's Teams

My experience in the men's sector has been very deep, intense and fascinating; many of the young athletes I have coached have had important opportunities to enter the professional ranks - some are playing in the SuperLega today.

The choice to change was dictated by an unprecedented opportunity, a challenge to face, a new world to discover, to put myself back into the game, under discussion and study.

1993/2007 PALLAVOLO CHIAVENNA (M)

 - *Interprovincial Title*
 - *Regional Final*
 - *4[°] place National Finals U17*

With Women's Team

My first experience in women's volleyball was with Olbia, in Serie A, then again Serie A with Trento; in 2018 I founded a Project that would put volleyball, caring for people and my Region, above everything else (V36 Plus and Volley Academy Valtellina & Valchiavenna).

I am very happy to have embarked on this new journey, to give a part of myself to others.

2015/2016 HERMAEA OLBIA (A2 W)
