PROFILE

I am a devoted and experienced goalkeeper coach, who has been progressing in Spain from lower divisions to professional football during last years, working in different countries as Malaysia and Bangladesh, where i am currently working as a national team goalkeeper coach and analyst.

My certificates and experience, make me suitable not only as a goalkeeper coach but as an assistant or analyst as well.

I believe strongly in a goalkeeper training global work, knowing and interpreting the game, identifying why things happen and how bring them into our training session (one of my strengths) due to my big experience and different roles that I have developed with my different technical staffs.

Strong organization skills, commitment, empathy, effort, social relationships and responsibility are my main ethic work.

ACHIEVEMENTS

Bangladesh National team
